22 apr 2023 and that a googleplex is a one followed by a googol zeros that doesn t make any sense to me wouldn t the googleplex by definition just be a one followed by 100 zeros since there are 100

5 jul 2017 i m visiting googleplex tomorrow what is there to see as a non employee pretty much what you can see in the title i m on a trip in usa right now as my 18 birthday gift yay and as a

can someone explain how big a googolplex actually is someone at work tried explaining it to me saying

all the zeros would wrap around the earth if written out i need help

a googolplex is a 1 with a googol zeros after it for googol we have to multiply the previous number by the next number a googol times all but the first 10 of the numbers multiplied are bigger than 10

googleplex completely and utterly negligible in comparison to graham s number it s very difficult to talk about the size of graham s number because no matter how you try you never really have enough

a googleplex is a stupidly large number it s so stupidly large that it s impossible to write it out in full decimal form because you would run out of atoms in the universe to write with before you finished

14 apr 2011 til that googleplex is a word used by the doc in back to the future iii

24 jul 2014 i m visiting sf in two weeks is it possible to visit the googleplex i grew up reading and watching things from silicon valley parc etc visiting google headquartes would be amazing

9 oct 2023 can someone put the number googleplex into perspective how can we visualize this astronomical number for example all the atoms in the observable universe don t equal a googol

22 dec 2013 til that a googolplex 1 followed by a googol zeroes can t be written down because it would take up more space than there is in the known universe
