a fictional account of america s rise to prominence is supplemented by expository essays expressing the science fiction writer s opinions on such subjects as crime nuclear power teenagers sex lives and patriotism novelist

earth seems a sinister planet hanging in the sky but to the pluto colony earth satellite base holds the only possible reprieve from a terrifying death sentence and on earth itself alien intelligence prowls the skies kidnapping people for its own inhuman amusement book cover

science fiction noveller

the unfinished sci fi masterpiece by the author of stranger in a strange land completed by the hugo award winning author of the stardance trilogy joel johnston has found the love of his life in jinny hamilton life would be perfect if only he earned enough money to support a family but now that jinny knows his love is true she reveals an incredible secret she is really jinny conrad granddaughter of richard conrad the wealthiest man in the solar system and now that joel proven his love for jinny her family has a plan for him joel is to be groomed for a place in the

vast conrad empire and sire a dynasty to carry on the family business most men would jump at the opportunity but to jinny s surprise and even his own joel turns down her generous offer and sets off on the mother of all benders when he wakes up on a colony ship heading into space he decides it s time to forget jinny and make a life among the stars but his plans and the plans of billions of others are shattered by a cosmic cataclysm so devastating it will take all of humanity s strength and ingenuity just to survive when an outline for variable star was found among robert a heinlein s papers spider robinson was commissioned to complete the novel the result is a thrilling new work of science fiction from two of the genre s greatest minds

washington destroyed completely before the government could escape with manhattan in ruins that leaves no there was a click as the television receiver was turned off that s that said the man near it the united states is washed up this was the terrifying scenario in which unbelievably the whole of asia some four hundred million people in grave danger of defeat by america which now consisted of just six men in a brilliantly imaginative novel guaranteed to keep the reader on tenterhooks from beginning to end robert a heinlein the doyen of science fiction writers has truly excelled himself

in 1975 robert a heinlein was sixty six at the height of his literary career j neil schulman was twenty and hadn t yet started his first novel because he was looking for a way to meet his idol schulman wangled an assignment from the new york daily news at the time the largest circulation newspaper in the u s to interview heinlein for its sunday book supplement the resulting taped interview lasted three and a half hours this turned out to be the longest interview heinlein ever granted and the only one in which he talked freely and extensively about his personal philosophy and ideology the robert heinlein interview contains heinlein you won t find anywhere else even in heinlein s own expanded universe if you wnat to know what heinlein had to say about ufo s life after death epistemology or libertarianism this interview is the only source available also included in this collection are articles reviews and letters that j neil schulman wrote about heinlein including the original article written for the daily news about which the heinleins wrote schulman that it was the best article in style content and accuracy of the many many written about him over the years this book is must reading for any serious student of heinlein or any reader seeking to know him better

jerry is a genetically modified chimpanzee who is roughly as intelligent as a man in a world where genetically engineered animals are run of the mill jerry decides that it is time to stand up for his rights in jerry is a man grand master robert a heinlein explores what it means to be human and the importance of civil liberties

robert a heinlein is widely and justly regarded as the greatest practitioner of the art of science fiction who has ever lived here are two of his greatest short novels gulf in which the greatest superspy of them all is revealed as the leader of a league of supermen and women who can t quite decide what to do with the rest of us lost legacy in which it is proved that we are all members of that league or would be if we but had eyes to see plus two great stories two of the master s finest one on the nature of being the other on what it means to be a man

the message had seemed simple yet it was more complex than don could have imagined he was being called from earth to an alien world for reasons unknown save only that his life

depended on it but setting out for mars and getting there in good shape turned out to be a lot more complicated than don ever would have guessed possible it was trouble enough being inexplicably hounded by earth s secret police but when he was hijacked by venusian rebels don suddenly realized that he was trapped in the center of a war between worlds that could change the fate of the solar system forever

robert a heinlein 1907 1988 is generally considered the greatest american sf writer of the 20th century a famous and bestselling author in later life he started as a navy man and graduate of annapolis who was forced to retire because of tuberculosis a socialist politician in the 1930s he became one of the sources of libertarian politics in the usa in his later years his most famous works include the future history series stories and novels collected in the past through tomorrow and continued in later novels starship troopers stranger in a strange land and the moon is a harsh mistress given his desire for privacy in the later decades of his life he was both stranger and more interesting than one could ever have known this is the first of two volumes of a major american biography this volume is about robert a heinlein s life up to the end of the 1940s and the mid life crisis that changed him forever

robert a heinlein is widely and justly regarded as the greatest practitioner of the art of science fiction who has ever lived here are two of his greatest short novels gulf in which the greatest superspy of them all is revealed as the leader of a league of supermen and women who can t quite decide what to do with the rest of us lost legacy in which it is proved that we are all members of that league or would be if we but had eyes to see plus two great stories two of the master s finest one on the nature of being the other on what it means to be a man
