excerpt from history of the world war vol 1 the world war entering its thirty fourth month as these lines are written has had three distinct phases both on the military side and on the larger and more significant human side the three military phases are supplied by the marne campaign and its immediate consequences the russian campaign with its balkan episode and its verdun ending the allied offensive in the west which began at the somme in july 1916 and is still proceeding before arras and along the old aisne battlefield in the marne campaign germany sought a complete triumph by a swift and terrible thrust at france the only one of her foes then in any sense prepared for war her thrust was parried at the marne and permanently blocked at the yser and at ypres thereafter she had to turn east and restore the failing fortunes of austria and protect her own imperilled marches in the russian campaign germany sought to dispose of russia as she had endeavoured to dispose of france in the marne campaign immediate success escaped her in this field despite terrible defeats and long retreats russian resistance was not broken although the russian revolution now the main factor on the eastern front and unmistakably a consequence of russian defeat gives to the german campaign of 1915 a value that was not perceived at the time what the permanent value will be remains problematical but as she had to turn east with her western task incomplete in 1914 germany had after a brief and glorious campaign on behalf of her turkish ally to return west in february 1916 and seek at verdun what she had not attained on the marne her failure there cost her the initiative and condemned her to the defensive the campaign which opened at the somme is still proceeding since they began their attack on july 1 1916 the allies have steadily if only slowly pushed the germans back and the recent victory of arras demonstrates that the

british army has at last reached a high state of efficiency while there are signs far from conclusive to be sure of a decline in german morale at all events the germans remain on the defensive and the end of this third phase has not come about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
