in the current panorama of urban growth and planning in many urban territories of western societies open spaces are residual spaces of urban occupation or are reserved for eventual occupation open spaces have been viewed in this manner in the earlier stages of the compact city and especially now in a time of the dispersed territories characterized by discontinuity heterogeneity and fragmentation the disciplinary perspectives of ecology geology landscape architecture and urbanism but also public opinion have for some time promoted the conservation and protection of

the most valuable natural spaces and efforts have been made to remove such spaces from the real estate market however such positions usually radical are insufficient for territorial equilibrium and inevitably lead to the progressive disappearance of valuable natural spaces

brings together extensive research and practical experience to prove the opportunities and benefits of open spaces to society and individuals

this book explores the growing spatial inequality in contemporary cities and the opportunity of reframing the role of public open space as a tool of inclusion in a context of an increasing economic gap between the urban poor and rich the first part outlines the geographical and theoretical frames of reference which are then tested in the analysis of a case study cape town this city in south africa was selected since its spatial aspects of separation are particularly evident due to the legacy of both apartheid and modernism the examination of the policies of the city of cape town confirms the rising attention to public space since the 1990s this slow progress of desegregation is tested through a critical study of one of the most disadvantaged areas of the city khayelitsha the book explores the relevance and impact of an urban design project and reframes the role of public open space not only as a tool for restructuring the apartheid city but also for reinterpreting other fragmented contemporary cities

octavia hill 1838 1912 was an english social reformer who concentrated on the welfare of city dwellers hill was a co founder of the national trust as well as the charity organisation society now known as family action which pioneered the home visiting service that provided the basis for modern social work in the u k one of her main beliefs was that urban workers should have ample open spaces to enjoy and relax in and she campaigned vehemently against destroying urban woodlands in her 1877 essay open spaces hill argues for the protection of green spaces and against the destroying of existing green open spaces in london including hampstead heath and parliament hill fields spots that remain open spaces to this day thanks to her efforts read co great essays is republishing this classic essay now complete with the excerpt the open space movement by charles edmund maurice

in hill s 1877 essay she argues for the protection of green spaces and against the destroying of existing green open spaces in london including hampstead heath and parliament hill fields spots that remain open spaces to this day thanks to her efforts
